## Tennessee's Tax on Unauthorized Substances

### Substances Subject to the Tax

Public Chapter 803 of 2004 created a state excise tax on controlled substances and certain illicit alcoholic beverages, including:

- Marijuana,
- Cocaine,
- Crack,
- Methamphetamine, and
- Untaxed liquors and spirits

### Who Owes the Tax

The tax is due by any dealer who possesses an unauthorized substance upon which the tax has not been paid. Dealers may purchase stamps from the Tennessee Department of Revenue and affix them to the substance as proof that tax has been paid. A "dealer" is any person who possesses one or more marijuana plants or more than 42.5 grams of marijuana, seven or more grams of any other unauthorized substance that is sold by weight, or any illicit alcoholic beverage.

### What This Tax Means to Local Law Enforcement Agencies

- **Additional funds to investigate, combat, prevent and reduce drug crimes.** The law enforcement agency that investigated the person assessed receives **75%** of the tax proceeds Revenue collects to use in anti-drug efforts. The state general fund receives the remaining 25%.
- **No impact to state or federal forfeiture programs.** Revenue's assessments will be funds **in addition** to the assets seized under state or federal seizure programs.
